The simple, low cost solution to product protection
U-Board™ laminated paperboard packaging provides superior edge protection to prevent product damage that can occur during shipping and handling. Its rigid u-channel construction eliminates any added assembly time, creating a durable and more efficient way to protect your products.

U-Board has a smooth surface and interior that is non-abrasive and can be mitered to help protect the corners of products. U-Board can be treated with a variety of protective coatings that offer moisture resistance and corrosion protection. Color printing is available for product identification and point-of-sale merchandising.

Specifications

U-Board sizes are based on the following dimensions:

- **Leg height** - Available from 1-8 inches (25-203 mm)
- **Base width** - Available from 1-12 inches (25-305 mm)
- **Caliper** - Available from .060-.500 inches (1.5-13 mm)
- **Length** - Available up to 636 inches (16,154.4 mm)
